Nepal is one of Eurasia's least reached nations. With a population of 29 million, 84% are Hindu. Less than 2% claim to be Christ-followers.

In this context, **Royal Rangers International** is being asked by national church leaders and missionaries to forge a new future for Nepal by starting a *mentoring movement to reach children and youth*.

The task will not be easy! Although Nepal offers its citizens religious freedom, nationalism allied with Hinduism creates social structures designed to insulate its citizens from outside influences – including and especially the Gospel.

Church leaders believe **Royal Rangers International's unique coed, scouting approach to evangelism and discipleship** will enable church families to penetrate the veil.

The civil wars of the recent past that divided the population and inflicted untold misery on its people are over and the church is poised to thrive. Now is the time to write a **new story for Nepal by reaching the next generation.**

It takes only **one spark** to start a roaring blaze. Will you **"be the one"** to ignite a mentoring movement for the next generation in Nepal?

"With God, all things are possible!"
